

Welcome Kansas Providers!

Medica Provider College Introductory Sessions offered December thru February

The Medica Provider College offers educational sessions on various administrative topics. The following class is available by webinar for all ProviDRs Care (PCN) and Preferred Health Professional (PHP) network providers, at no charge.

Training class topic

"Introduction to Medica" for ProviDRs Care and Preferred Health Professionals Providers (class code: IFBMC). This webinar will introduce providers in Kansas to Medica for the individual and family business (IFB) Medica Connect product. It will cover details such as the payer ID number, claim address, and appeal information as well as information on clinical guidelines, pharmacy, chiropractic care and behavioral health. Available tools and resources will be discussed.

We encourage business office personnel to attend this introductory session to learn more about the Medica Connect Product offered in Kansas beginning 1/1/2017. All sessions listed below include the same content.
